No to racism, fascism and Islamophobia!

Sat 6 Nov, 12 noon, Malet Street, London WC1E 7

There is a disturbing rise in fascism, Islamophobia, anti-Semitism and racism.

The racist thugs in the English Defence League (EDL) have organised events across the country, stirring up hatred, Islamophobia and racism — running riot in some cases and provoking violent attacks on Muslim, black and Asian communities and on Mosques and Hindu temples.

Alongside this the British National Party (BNP) has received unprecedented electoral support for a fascist organisation in Britain.

Despite losing many council seats in the elections this year, the BNP's share of the vote overall continued to rise and it has two elected

members of the European Parliament.

This is in the context of a wave of Islamophobia and racism in Europe and the USA, including threats to burn copies of the Qur'an, attacks on Mosques and Islamic cultural centres, bans on Muslim women's full-face veils and the construction of minarets.

In France, the Roma people have been singled out and subjected to mass expulsions.

Now, more than ever, we must unite to turn back this tide of hatred.

Make a stand against the rise of racism, fascism, Islamophobia and anti-Semitism. Support the demo on **Saturday 6 November**.
