Protest

Sat 8 October

Assemble 11:30am Downing Street, London SW1

Unite Against Fascism is calling a protest against a planned demonstration by the English Defence League at Downing Street on Saturday 8 October.

The EDL is an organisation of racists and fascists – its so-called 'Angels' women's divisions are no exception.

They want to take their message of anti-Muslim racism and hatred to Downing Street. UAF is calling a counter-protest, which will be led by women, against the EDL racists and fascists.

Join the UAF counter-protest to show your opposition to the EDL. Their poisonous racist and fascist ideas and their attempts to divide our communities and stir up hatred against Muslims have nothing to offer women – or men.

All antifascists and antiracists are welcome at the women-led counter-demo. Bring your banners and placards!
