HOLOCAUST AND GENOCIDE NEVER AGAIN!

Speakers ~ Film ~ Music ~ Debate

Take part in an afternoon of reflection and discussion, remembering the victims of Nazi Germany 1933-1945 when 6 million Jewish people and hundreds of thousands Sinti, Roma, prisoners of war and opponents to the regime were brutally murdered. We will also remember the victims of other genocides in Bosnia, Cambodia, Rwanda and Darfur. Most importantly, we want to highlight the real threat that fascism poses today, and discuss how we can play our part to ensure it doesn't happen again.

Music by Pjotre Jordan & Dunajska Kapelye
